REQUIREMENTS

Each participant in the event is required to get acquainted with the information package that will receive during the sign-up on the track. The equipment of the pilots and the vehicles should also meet the technical requirements for running on the track:

1. The use of helmet and safety belt when leaving the track is mandatory.
2. The use of alcohol by pilots is completely prohibited.
3. All participants must follow the instructions of the marshals on the track.
4. All cars must have a working breaking system.
5. All cars must have functioning light signals.
6. All cars must have safety belts for all passengers.
7. All cars must have reinforced battery and plus terminal.
8. Vehicles with leaks or other prominent malfunctions will not be allowed on the road until they are removed.
